

NAVAJO HEMP

**RESOLUTION OF THE
NAVAJO NATION COUNCIL**

23rd Navajo Nation Council - - Fourth Year, 2018

AN ACT

RELATING TO HEALTH, EDUCATION AND HUMAN SERVICES, RESOURCES AND DEVELOPMENT, LAW AND ORDER AND NAABIK'ÍYÁTI' COMMITTEES AND THE NAVAJO NATION COUNCIL; ENACTING THE "CONTROLLED SUBSTANCE DEFINITION ACT OF 2018"; AMENDING TITLE 17 CHAPTER 3, CONTROLLED SUBSTANCES AT 17 N.N.C. §§ 390, 394

BE IT ENACTED:

SECTION ONE. AUTHORITY

- A. The Health, Education and Human Services Committee is a standing committee of the Navajo Nation Council and is empowered to review and recommend resolutions relating to social services, health, environmental health, education, veterans and veterans services, employment and labor. 2 N.N.C. §§ 164(A) (1), 400(A) and 401(B) (6) (a) (2012); CO-45-12.
- B. The Resources and Development Committee is a standing committee of the Navajo Nation Council and is empowered to review and make recommendations to the Navajo Nation Council for final approval resolutions requiring Navajo Nation Council approval to accomplish or impact the Committee purposes. 2 N.N.C. §§ 164(A) (1), 500(A) and 501(B) (4) (f) (2012); CO-45-12.
- C. The Law and Order Committee is a standing committee of the Navajo Nation Council and is empowered with the authority to review and make recommendations to the Navajo Nation Council on amendments to and enactments in the Navajo Nation Code. 2 N.N.C. §§ 164(A) (1), 600(A), and 601(B) (14) (2012); CO-45-12.
- D. The Naabik'íyáti' Committee of the Navajo Nation Council, pursuant to 2 N.N.C. § 164 (A) (9), reviews proposed legislation which requires final action by the Navajo Nation Council. CO-45-12.
- E. The Navajo Nation Council must review and approve enactments or amendments of positive law. 2 N.N.C. § 164(A) (2012); CO-45-12.

SECTION TWO. FINDINGS

- A. The Navajo Nation is responsible for the enforcement of the Criminal Code, including amendments, as may be enacted by the Navajo Nation through its Council and the President.
- B. The purposes of the Navajo Nation Criminal Code, being applied in harmony with the other Titles of the Navajo Nation Code and policies of the Navajo Nation, include, among others, proscribing certain substances that may pose the threat of inflicting substantial harm to individuals or public interests, giving all persons entering into the territorial jurisdiction of the Navajo Nation Courts a fair warning of such proscribed substances by clear statement within the Criminal Code, and protecting and promoting the interests of the Navajo Nation, its public, and its economy and economic development within its territorial jurisdiction.
- C. The Navajo Nation Code, at Title 17, Chapter 3, Controlled Substances, Definitions was last amended with respect to the definition of "Marijuana" on July 20, 2000, by Council Resolution CJY-54-00, which defined "Marijuana" as "...those Cannabis plants that contain an amount equal to or more than one and four-tenths percent (1.4%) tetrahydrocannabinol" (THC). See **Exhibit A**.
- D. The Agricultural Act of 2014, (the Federal Farm Bill) made that standard under federal law more restrictive, lowering the amount of allowable THC from 1.4% to 0.3% (less than one percent); defining Cannabis as hemp, not marijuana, provided that no part of the plant, including the leaves and flowers, exceeds "... a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis". 128 Stat 649 Sec. 7606 (b) (2); Public Law 113-79-Feb. 7, 2014; See **Exhibit B**.
- E. The Navajo Nation Code defining controlled substances is not consistent with existing federal law, and in fact, allows more THC than federal law permits.
- F. The Navajo Nation Council finds it to be in the best interest of the Navajo Nation to enact "The Controlled Substances Definition Act of 2018" and thereby amend the Navajo Nation Code to conform to the Federal definition of industrial hemp/marijuana.

SECTION THREE. RESOLVED

- A. The Navajo Nation hereby enacts "The Controlled Substances Definition Act of 2018" to conform Navajo Nation Code with the Federal definition of industrial hemp/marijuana as found in the Public Law 113-79, February 7, 2014, The Agricultural Act of 2014.
- B. The enactment of this resolution does not authorize the cultivation, growth possession, development or propagation of industrial hemp until the Navajo Nation creates a regulatory system for industrial hemp and obtains the necessary and applicable permits for industrial hemp.
- C. The Navajo Nation hereby amends the Title 17 as follows:

**NAVAJO NATION CODE

RESOLUTION OF THE
NAVAJO NATION COUNCIL

Approving Amendments to 17 N.N.C. §§ 390-395 to
Distinguish Between Industrial Hemp and Marijuana
Based on the Percentage of T.H.C. Contained
Within the Cannabis Plant

WHEREAS:

1. Pursuant to 2 N.N.C. §102 (A), the Navajo Nation Council is the governing body of the Navajo Nation; and
2. Pursuant to 2 N.N.C. §103, all powers not delegated are reserved to the Navajo Nation Council; and
3. During 1996, several members and entities of the Navajo Nation expressed a desire to grow industrial hemp (not marijuana) for economic purposes; and
4. Although industrial hemp and marijuana are from the same species of plant - Cannabis sativa, there is a scientific difference between them, documents supporting this are attached hereto as Exhibit "A". Industrial hemp generally refers to plant species of cannabis sativa and Cannabis indica that possess high fibers and usually contain low levels of Tetrahydrocannabinol (T.H.C.) Marijuana refers to plant species of cannabis sativa that possess low fibers and high levels of T.H.C. It is high levels of T.H.C. that gives marijuana its hallucinogenic effect; and
5. Hemp can be used for many purposes, such as fabrics, pulp, paper, oil, paints, sealants, fuel and food. Documents supporting this assertion are attached hereto as Exhibit "B". In fact, hemp has long been used throughout United States history; the first two copies of the Declaration of Independence were written on hemp. Until the 1820's, 80 percent of America's textile and fabrics and other products were made from hemp. During World War II, the United States encouraged farmers to grow hemp which was used for wartime purposes, like parachutes, riggings, ropes and fire hoses of wartime ships. Documents supporting these assertions are attached hereto as Exhibit "C"; and

6. President Bill Clinton in Executive Order 121 dated June 7, 1994, (attached hereto as Exhibit "D") Part IX General Provisions (a) states that cannabis hemp is a strategic food source; and

7. The growing of industrial hemp in the United States is allowed only by federal permit, and several states have permits pending to grow industrial hemp within their jurisdiction. These states have passed legislation recognizing the distinction between industrial hemp and marijuana and have amended their criminal laws and passed legislation regulating the growing of industrial hemp. Documents supporting this assertion are attached hereto as Exhibit "E"; and

8. During this time of declining Navajo Nation revenues, the Navajo Nation should begin exploring other means of economic development for its members. Researching or allowing the production of industrial hemp may provide economic development to the Navajo Nation. However, before the Navajo Nation can research or allow industrial hemp to be produced, the Navajo Nation must first amend its criminal law; and

9. In order for the Navajo Nation to allow the growing of industrial hemp for economic development purposes, the Navajo Nation must amend its criminal law that pertains to controlled substance, 17 N.N.C. §§ 390-395. Attached hereto as Exhibit "F" are proposed amendments to the 17 N.N.C. §§ 390-395; and

10. The Resources Committee of the Navajo Nation Council by Resolution RCAP-75-00, attached hereto as Exhibit "G", approved and recommended that the Public Safety Committee of the Navajo Nation Council approve amendments to 17 N.N.C. §§ 390-395; and

11. The Economic Development Committee of the Navajo Nation Council by Resolution EDCMY-39-00, attached hereto as Exhibit "H", approved and recommended that the Public Safety Committee of the Navajo Nation Council, and the Navajo Nation Council approve amendments to 17 N.N.C. §§ 390-395; and

12. The Public Safety Committee of the Navajo Nation Council by Resolution PSCAP-08-00, attached hereto as Exhibit "I", approved and recommended that the Navajo Nation Council approve amendments to 17 N.N.C. §§ 390-395, to distinguish between industrial hemp and marijuana based on the percentage of T.H.C. contained within the cannabis plant, and

13. The Navajo Nation Council finds that it is in the best interest of economic development within the Navajo Nation that these amendments be adopted and the health, welfare and safety of the Navajo people will not be endangered thereby.

NOW THEREFORE BE IT RESOLVED THAT:

1. The Navajo Nation Council hereby approves amendments to 17 N.N.C. §§ 390-395, attached hereto as Exhibit "F", which distinguishes between industrial hemp and marijuana based on the percentage of T.H.C. contained within the cannabis plant.

2. The enactment of this resolution does not authorize the cultivation, growth, possession, development or propagation of industrial hemp until the Navajo Nation creates a regulatory system for industrial hemp and obtains necessary and applicable permits for industrial hemp.

CERTIFICATION

I hereby certify that the foregoing resolution was duly considered by the Navajo Nation Council at a duly called meeting in Window Rock, Navajo Nation (Arizona) at which a quorum was present and that the same was passed by a vote of 58 in favor, 11 opposed and 1 abstained, this 20th day of July 2000.
